Applications & Cleaning Tasks

The tasks below reflect the supplied TIDDOX product description. Confirm suitability for the surface, cleaning agent and workplace procedure before use.

Routine spills and bench cleaning

Absorbing small liquid spills, wiping benches and cleaning everyday work surfaces. The lightweight sheets can be folded for controlled wiping during routine cleaning tasks.

Workshop maintenance and light oils

Wiping light oils, adhesives and loose debris from suitable workshop surfaces, tools and equipment. Used for day-to-day maintenance and clean-up rather than heavy-duty spill containment.

Component wiping and final assembly

Wiping small parts during production, applying lubricants to suitable components and removing light residue during final assembly. Check surface and chemical compatibility before use.

Food preparation and hospitality

Food Preparation Areas: Suitable for routine wiping of food preparation benches, cleaning work areas and attending to light spills, subject to workplace hygiene procedures and product suitability requirements.

Healthcare and clinical work areas

Routine wiping of suitable equipment surfaces and work areas in healthcare settings. Single-use sheets can support controlled handling; follow local infection prevention and cleaning protocols.

Personal wiping and shared workstations

Soft wiping sheets for suitable hand and face wiping tasks. Pop-up dispensing is useful on counters, trolleys and shared workstations. Wall mounting may be possible with compatible hardware.

Industries & Work Environments

• Food preparation • General cleaning • Healthcare	• Hospitality • Maintenance • Manufacturing	• Production and assembly • Workshops
--	---	--

Use and compatibility notes

Use dry or with a cleaning agent confirmed compatible with the wipe and surface. Follow equipment and workplace cleaning procedures. Confirm any HACCP certification and its scope before relying on food-area compliance claims. Do not assume sterile, disinfectant or cleanroom suitability. Confirm wall-mounting accessories separately.
